

# Enumerations

Name	Values
	This class exposes no enumerations.

# Constants

Name	Type	Value
		This class exposes no constants.

# Events

Definition	Description
TextChanged()	This event is fired when the text of the field is changed (IE: when a date or range is selected in the popup).

# Methods

Definition	Description
	This class does not expose any methods.

# Properties

Name	Type	Default Value	Description
